Catarrhal Dangers.

To be freed from the dangers of suffocation
while lying down; to breathe freely, sleep
soundly and undisturbed; to rise refreshed,
clear head, brain active and free from pain or
ache; to know that no poisonous, putrid mat-
ter defies the breath and robs away the deli-
cate machinery of smell, taste and hearing;
to feel that the system does not, through its
veins and arteries, suck up the poison that is
sure to undermine and destroy, is indeed a
blessing beyond all other human enjoyments.
To purchase immunity from such a fate should
be the object of all afflicted. But those who
have tried many remedies and physicians de-
spair of relief or cure.

BARFORD'S RADICAL CURE meets every phase
of Catarrh, from a simple head cold to the
most loathsome and destructive stages. It is
entirely new, and is the only medicine that
is permanent in curing, safe, economical and
never-failing.

BARFORD'S RADICAL CURE consists of one
bottle of the RADICAL CURE, one box of CA-
TARRHAL SOLVENT, and one IMPROVED IN-
SALINE, all wrapped in one package, with treat-
ise and directions, and sold by all druggists for
\$1.00.

BARFORD'S RADICAL CURE is sold by all druggists for
\$1.00.

HOW MY BACK ACHES!

Back Ache, Kidney and Urinary Pains, and
Weakness, Nervousness, Headache, and
Faintness relieved in one minute by
the use of the RADICAL CURE. The
first and only pain-killing plaster. New, original,
instantaneous and infallible. The most perfect
remedy in the world. Information, treatise, etc.,
sent free. At all druggists. 25 cents; five for \$1.00.

CORPORATION, Boston, Mass.

RIPE FOR REVOLT.

Tory Members of Parliament Ex-
asperated at the Ministry's
Silence.

No Submission to a Continuance
of Misrepresentation and
Inactivity.

The Cholera in France—Murderer Eyraud
Lodged in Prison—The Anti-Slavery Con-
ference—Premier Crisp's Thanks Gen.
Von Caprivi—Emperor William's Move-
ments—Minister Stambuloff's Supre-
macy in Bulgaria—Africa Affairs—
Gen. Middleton Resigns—Foreign News.

LONDON, June 30.—There is every indication
that a serious revolt of Tory Members of
Parliament is imminent. Many of whom are
changing under the ridiculous position in which
the Government has placed itself and are still
further exasperated at the stubborn silence of
the Ministry in regard to the procedure to be
observed with reference to the important
bills the Government has asked the party to
support. The constituents of the restive
members are asking what the Government is
going to do and the members are unable to
inform them. The Tory newspapers are
filled with articles warning the Government
against further delay in settling upon a
practicable programme and adhering to it.
All of them agree that the party is not in a
position to support a Government which mis-
representation and inactivity which charac-
terize the present conduct of the Govern-
ment leaders and declare that disaster is
sure to follow failure to heed the warning given.

On Saturday Mr. Thomas W. Board, Con-
servative member for Greenock, publicly an-
nounced the Government and declared that
the Ministry shamefully discredited the party
as whose representatives they were placed in
power. Other Tory members have privately
expressed similar opinions and it is perfectly
plain that from the Tory point of view the
country, which the Government has fre-
quently announced as its mission, it has de-
scended to the necessity of doing something
immediately to save itself.

EMPEROR WILLIAM'S MOVEMENTS.
On arriving yesterday at the
Dowager Empress Frederick of Germany and
her suite were welcomed at the station by
Queen Victoria.

FRANCIS BENICH DEAD.
Francis Benich, a prominent merchant of
this city and an intimate friend of Hawthorne,
Longfellow and Dickens, died to-day.

PANITZA'S DEATH RECALLED.
LONDON, June 30.—The death warrant of
Maj. Panitza received the signature of
Prince Ferdinand of Bulgaria at the time of the
execution of Maj. Panitza proves that he neither
reigns nor governs. Prime Minister Stamboul-
off, the Journal states, is both ruler and
regent, and his method of governing is by
terrorism. His rule will be only transient.

MURDERER EYRAUD IN PRISON.
PARIS, June 30.—Michael Eyraud, the mur-
derer of M. Gouffé, who was recently ar-
rested in Havana and brought from that city
to St. Lazare by French detectives, arrived on
the steamer Lafayette this morning, and
was put in prison.

CHOLERA IN FRANCE.
Le Petit Journal reports that several cases of
cholera, one of which has resulted fatally,
were recorded in the city of Narbonne.

THE FOOT MICKLEWICK ASHES.
PARIS, June 30.—Yesterday at the ceremony
of removing the ashes of the Polish poet,
Mickiewicz, from Monstreny to Cracow, the
oration was delivered by M. Renard, Mayor
of Cracow, and a number of other distinguished
poets were present. Copies of the speeches
which it is proposed shall be made at the
reinterment have been ordered to be sub-
mitted to the Austrian Government three
days before the date set for the ceremony.

ANTI-SLAVERY CONFERENCE.
LONDON, June 30.—The Brussels correspond-
ent of the Times says that at the last moment
the representative of Holland has withdrawn
the objection of his nation to the clause of the
anti-slavery convention which relates to the
arrangement of duties on imports into the
Congo State.

THE GENERAL ACT SIGNED.
BRUSSELS, June 30.—The general act of the
anti-slavery conference which has been in
session here for some time was signed to-day.

CRISP THANKS VON CAPRIVI.
ROME, June 30.—Prime Minister Crisp has
written a letter to Chancellor Von Caprivi
thanking him for the remarks made during
the debate in the Reichstag on the army bill
regarding the alliance between Italy and Ger-
many.

Buenos Ayres' Financial Session.
LONDON, June 30.—The Buenos Ayres corre-
spondent of the Times telegraphs that the Na-
tional Bank of Buenos Ayres suspended pay-
ment on Saturday and that the shares of the
bank fell from 100 to 10 and closed at 118. A
panic was created on the Bourse at Buenos
Ayres and a general feeling of distrust pre-
vailed. Gold now commands a premium of
145.

Gen. Du Vernoy's Resignation.
LONDON, June 30.—The Times publishes a
dispatch from its Berlin correspondent in
which the opinion is expressed that the resig-
nation of the Minister of War, Gen. Du Ver-
noy, will be accepted by Emperor Wil-
helm, who will probably assign him to an im-
portant army command.

The Cholera in Spain.
MADRID, June 30.—There was a total of eight
deaths from cholera in the provinces of Valen-
cia on Saturday. The epidemic has disap-
peared from the villages that attacked.
Elsewhere in Spain the public health is
good.

African Affairs.
LONDON, June 30.—The claim for the restitu-
tion of Dr. Peters for the seizure of

his ship, the Nera, having been abandoned by
Germany, Great Britain in return agrees to
compensate Konigsberg for the losses which
he suffered through the Niger Co.

Emperor William's Movements.
KISINIOV, June 30.—Emperor William took
his departure for Christiansia this morning.
His Majesty was accompanied to the wharf by
King Christian and the princes of the royal
family, who there bid him farewell.

Gen. Middleton Resigns.
OTTAWA, Ontario, June 30.—Gen. Middleton
has resigned command of the militia forces of
Canada. His resignation was handed to the
Minister of Militia on Saturday and will, with-
out doubt, be accepted by the Government.
The vote of censure by Parliament last Sat-
urday is no alternative than to withdraw from
the service of Canada.

A ROOM FOR ERASMUS WILMAN.
MONTREAL, Quebec, June 30.—La Patrie,
the French Liberal organ in this city, dis-
cussing the question of leadership in the
Liberal party in the Dominion, says:
"The Canadian to whom we would like to
confide the destinies of the Liberal
party does not merit, thank God, either
aversion or ridicule. On the contrary, he is a
distinguished gentleman, well beginning very
low on the social ladder, but, by his brilliant
qualities, his perseverance, his great energy
and industry, which nothing seems to tire,
reached one of the highest positions in the
first city of the new world. This is the man
who would like to see at the head of the Lib-
eral party during the great electoral cam-
paign which is about to be opened in the
Dominion. Possessing wonderful knowl-
edge of men, being able, energetic and of
fertile invention, he has all the qualities that
have constituted the force of Sir John Mac-
donald, without speaking of several qualities
which the Conservative leader does not
possess. If Mr. Wilman could be induced to
take the direction of the Liberal party during
the next electoral campaign, a long step
would be taken toward victory."

Mexican Matters.
CITY OF MEXICO, June 30.—On the 16th of
August the National Railroad Co. will send
a special Pullman excursion train from this
city to New York and return, stopping
made at St. Louis, Chicago and New Orleans.
Two weeks' time will be given in New York
City to enable the excursionists to visit
neighboring points of interest. On the return
trip stop will be made at Washington. A
representative of the company, speaking
Spanish, French and English, will accompany
the party.

AMUSEMENTS.
"Amorita" to Be Put on To-Night at
Uhrig's Cave.

The Uhrig's Cave company will to-night
produce "Amorita," one of the prettiest and
most entertaining of light operas. During the
past week the Cave has been liberally patron-
ized and summer opera is apparently being
received with the same enthusiasm and favor
as marked its production last season. The
Cave company is an excellent one, and the
Cave management has been liberally patron-
ized of keeping none but the best artists.

Harry de Lorne will have a better oppor-
tunity of displaying his talents in the
Cave than he had in "Fatinitza." Geo. W.
Dunham, who has been liberally patron-
ized, will have a better opportunity of
displaying his talents as a comedian. The
members of the company will have some
time to spare, as the Cave has been liberally
patronized, and they will be able to devote
time to their own studies. The Cave has

SCHNAIDER'S GARDEN.
The indications are present that Schnai-
der's Garden will be opened the evening of
July 14, with a comic opera and all the
latest light operas. The company is now
in the city, and they will be able to devote
time to their own studies. The Cave has

HELP FOR THE HORSES.
How to Ameliorate Their Sufferings During
the Intense Heat.

A correspondent calls attention to the way
in which horses suffer on the streets during
the hot spell and to the absence of any system
for giving them relief. He suggests that the
Horse Society should take the matter up,
give information to assist men in helping
suffering horses and provide ambulances for
the removal of those animals which succumb
to the heat.

This suggestion is a timely one and will
doubtless receive consideration, as our cor-
respondent states that you are all aware of the
city you see poor, overworked horses lying
prostrate, gasping for breath without any
one caring for them, knowing how they
suffer, but doing nothing to help them. The
large owners of horses are not doing much
to help them, but they are doing much to

GROWING CROPS.

The Weather Especially Favorable for Corn and Wheat.

WASHINGTON, D. C., June 29.—The weather during the past week has been especially favorable for growing crops throughout the principal corn and wheat States of the central valleys and Northwest. Crop conditions are reported as very promising in Dakota. Iowa reports a good yield of wheat, with small acreage. Missouri reports wheat harvest nearly finished, yield per cent of the average and of fine quality. Michigan reports having in progress, with large yields of corn and wheat. Wheat ready for harvest in ten days. More rain is needed in Kentucky and Tennessee, although the crops are well improved in these States during the week. Tobacco is growing well in Kentucky, but the hot sun has caused some injury to late tobacco in Tennessee. The weather was especially favorable for harvesting and a large crop of hay is expected. Generally throughout the cotton region the weather has been favorable for farm work and cotton has been much improved and is generally reported in good condition from South Carolina westward to Texas. The rainfall was excessive along the East Gulf coast, but crops need rain in the Carolinas. In the Middle Atlantic States, hay is in progress, with prospect of a large yield. Oats were slightly improved in Pennsylvania, but this crop is very poor in New York and New Jersey. In New England crops are backward but growing well, grass not as good as expected. The tobacco crop is growing well in New England, Pennsylvania and Virginia. Rains on the North Pacific coast greatly improved crops; grain promises better than for years.

THE PAN-AMERICAN RAILROAD.

Central America. Enthusiastically in Favor of the Great Project.

By Telegram to the Post-Dispatch.

CHICAGO, Ill., June 30.—The proposed Pan-American Railroad will receive strong support in Central America and trading men in that country are enthusiastic over the steel bands which will soon join North and South America.

Said Manuel Soto, one of the richest planters of Guatemala, who is now here: "In Central America, Mexico and Colombia it is fully recognized that the Pan-American road would do much for all parties concerned. Something has been accomplished already. The line from Costa Rica to the Pacific in a few weeks and about that time the lines in Nicaragua and Guatemala, from the Pacific to the Atlantic, will be completed. Other important lines are almost finished, and before autumn there will be good facilities for transportation over all Central America. The difficulties in building the road can be overcome. It is not nearly so large an undertaking as the Nicaragua Canal, and that work is progressing in a way that exceeds all expectations. I think that the first that the Central American road could not be built. Now the entire country is spanned with tracks and that will be a great help to the Pan-American system. The building enterprise will also be benefited by the union of the Central American States, which will be concluded in September. That will save the trouble of going to one State for concessions and no petty jealousies will be encountered."

A VERY CLEVER WOMAN.

How Mrs. Jennings Captured a Pickpocket and Recovered Her Purse.

By Telegram to the Post-Dispatch.

NEW YORK, June 30.—Mrs. Kate Jennings, who keeps a boarding house in Freeport, L. I., did some detective work in Saturday by which she recovered a pocketbook which had been stolen from her and caused the arrest of Wm. H. Tipton. Mrs. Jennings started for this city on a train which left Freeport at 8:15 o'clock Saturday evening. Her mission, she said, was to buy provisions. She had not been long on the train before a young man sat down beside her, and a little while after she had a hand slip into her pocket and take her pocketbook. Mrs. Jennings expressed the inclination to scream, fearing that if she did so the thief would hand the pocketbook to a confederate. The lady engaged the thief in conversation, intending to hand him over to the policeman at Long Island City when the train arrived there. There was no policeman in the car when the train reached Long Island City. Mrs. Jennings proposed that the pick-pocket and her in finding a friend. They walked through the streets, Mrs. Jennings hoping all the time she might see a policeman. After a promise that the woman accompanied to the Central Avenue store for a dressmaker, Mrs. Jennings caught hold of the thief and held him until the policeman came up and arrested the man. On the way to the Police station the man attempted to throw the pocketbook away, but was prevented by Mrs. Jennings who recovered her property.

The Greenway Estate.

By Telegram to the Post-Dispatch.
SYRACUSE, N. Y., June 29.—The large estate of the late Greenway, the well known brewer, comprising the magnificent homestead in James street and property in other sections of the city, is to be sold under a foreclosure in a suit instituted by Banker Lucius Reason, who holds a "blanket" mortgage of \$200,000. The total indebtedness is put at \$400,000. The foreclosure proceedings are intended to acquire the real estate and the brew is reported as a large surplus. The Greenway Brewing Co. is entirely independent of the Greenway estate and its business is still being carried on separately.

SUCCESS AT WASHINGTON

THE MERCHANTS' EXCHANGE COMMITTEE HOPE FOR A CHANGE AT THE BARRACKS

The Project for Establishing a Large Post Near This City Received With Favor at the National Capital—Secretary Proctor and Gen. Schofield Indorse the Plan—Reasons for the Change.

THE prospects of St. Louis securing the location of a large military post at Jefferson Barracks are believed to be most excellent, and the work done by the delegation sent by the Merchants' Exchange to Washington has been most effective. The immediate object of the visit of the delegation, consisting of Gen. D. P. Grier, Col. John B. Gando and C. H. Sampson, was to endeavor to secure the passage of a bill appropriating \$500,000 for the improvement of Jefferson Barracks, but the subject of changing the character of the post was not officially brought forward.

THE COMMITTEE WERE under instructions to ascertain the feeling of the authorities at Washington in reference to establishing a Jefferson Barracks as a recruiting station, and making it the headquarters of at least one regiment. Under present conditions the Barracks occupy a peculiar position. Although in the Department of the Missouri, the commanding officer has no authority over the station as it is a recruiting depot, and a directly under the command of the Adjutant-General. That the only military station within 300 miles of the largest city in the department of the Missouri should not be under the control of the commander of that department has always been admitted in military circles to be an anomalous condition of affairs, and since department headquarters have been removed to this city the objections to this are far stronger. The gentlemen representing the Merchants' Exchange had a conference with Secretary Proctor and even John M. Schofield, and both expressed their belief that a large post should be located at St. Louis.

AN ENCOURAGING OUTLOOK. "As to the immediate object of our visit," said C. H. Sampson, who returned to the city yesterday, "there is no doubt that the \$500,000 appropriation will be made. It has been recommended by the Military Committee of the House of Representatives, and there is no opposition to it in any quarter. The only question is as to whether the bill will be passed during the present session. We had a conference with Speaker Reed, and some of the leading members of the House and think that arrangements have been made that will lead to the passage of the bill before adjournment. The military authorities are heartily in favor of having a large post at the Barracks which will serve as a supply station to the entire department. Gen. Schofield said that St. Louis was very near the center of the country and was admirably situated for the purposes of a large garrison. The department commander, Gen. Wesley Merritt, is ready to strongly recommend that Jefferson Barracks be transformed into a large post, with a garrison of from twelve to fifteen companies. Secretary Proctor favored the idea, which was very encouraging, as some believed that difficulty might be met with in this quarter. Altogether the outlook is most promising, and when the appropriation for the improvement of the barracks is granted, there is little doubt that by proper efforts the rest can be secured."

SOME REASONS FOR A CHANGE. An army officer of long experience in this department said: "There are many reasons, not only for the location of a regular post here, but also for the removal of the Cavalry recruiting depot to some other point. During the first few months of their enlistment soldiers are hard to handle, are most likely to become discontented, and are most anxious to desert. Jefferson Barracks is one of the best points to desert from in the country. There are few desertions from David's Island, New York, not because the men are more willing to desert in the service than those sent here, but because it is nearly impossible for them to get away. During the first three months of their enlistment they are not allowed passes except under very exceptional circumstances, and they are kept away from the city. Nothing is easier than for a man to slip away from the barracks. He can easily conceal himself in the city, and every temptation to desert. A great many desert who had no intention of so doing when they received their pass to visit the city. They go on a spree, overspend their leave and rather than submit to their punishment, desert."

"If the depot were established at some point where the recruits would not be subjected to the temptations of a large city, and where they could be more closely watched, the number of desertions would be much smaller, and the service would be greatly benefited. On all accounts it is desirable that a regular post should be established here and the recruiting depot moved to some other point, preferably to some of the posts soon to be abandoned."
